Camera table systems

for microfilm cameras and book scanners

Zeuschel offers a variety of modern camera table systems for all sorts of applications. Due to the modular design of the Zeuschel microfilm cameras, book scanners and hybrid systems there is an optimal camera table with or without glass plate available for each use (see the overview at the end of this leaflet).

All systems guarantee for an absolutely careful handling of books and other origi-

nals. The camera tables, top light tables, backlight tables and book cradles will leave no wishes unfulfilled in regard to operator convenience. They guarantee for sufficient legroom and they make possible an easy and ergonomic operation thanks to height adjustability, opening automatic system, foot pedals and other equipment.

OT 180 H 35

Motorized book cradle with self-opening glass plate

Advantages of the product

- Self-opening glass plate, adjustable up to 110°
- Legroom for a comfortable operation
- Two-speed foot pedal
- Fine adjustment for pressure against glass plate
- Balancing, adjustable book support plates
- Easy turning of large book pages, limitation of the lowering for small books
- Automatic lowering after exposure

Max. book size, opened: 1025 x 610 mm

(special version: 1025 x 700 mm)

Max. book weight: 40 kg

Max. book thickness: 350 mm

Working level: 800 mm

W x D x H: 1180 x 780 x 800 mm

The Future of the Past.

OT 180 H

Motorized book cradle with self-opening glass plate

Advantages of the product

- Book cradle for careful handling of books with self-opening glass plate
- The book is opened 180° and it is placed against the glass plate from below
- Easy turning of large book pages (limitation of the lowering for small books)
- Fine adjustment for pressure against glass plate

- Fast, comfortable operation with foot pedal, sufficient leg room
- Automatic lowering after exposure

Max. book size, opened: 1025 x 620 mm
(special version: 1025 x 700 mm)

Max. book weight: 20 kg

Max. book thickness: 240 mm

Working level: 800 mm

Electrical connection: 230V, 50/60 Hz, 150W, other voltages on request.

W x D x H: 1180 x 723 x 800 mm

OT 180 H 50

Motorized book cradle with self-opening glass plate

Advantages of the product

- Book cradle with self-opening glass plate for careful handling of books with a book thickness of up to 50 cm
- The book is opened 180° and it is placed against the glass plate from below
- Fine adjustment for pressure against glass plate
- Easy turning of large book pages (limitation of the lowering for small books)

- Legroom for fast, comfortable operation with foot pedal
- Automatic lowering after exposure

Max. book size, opened, depending on the book thickness: 1025 x 620 mm

(special version: 1025 x 700 mm)

Max. book weight: 40 kg

Max. book thickness: 500 mm

Working level: 900 mm

Electrical connection: 230 V, 50/60 Hz, 150 W, other voltages on request.

W x D x H: 1180 x 723 x 900 mm

OT 180 H A0

Motorized book cradle with self-opening glass plate

Advantages of the product

- Book cradle with self-opening glass plate for careful handling of books with a format of up to 1350 x 960 mm (> DIN A0)
- The book is opened 180° and it is placed against the glass plate from below
- Fine adjustment for pressure against glass plate

- Easy turning of large book pages
- Fast, comfortable operation with foot pedal, sufficient leg room
- Automatic lowering after exposure

Max. book size, opened: 1350 x 960 mm

Max. book weight: 22 kg

Max. book thickness: 220 mm

Working level: 860 mm

Electrical connection: 230V, 50/60 Hz, 150W, other voltages on request.

W x D x H: 1520 x 1060 x 860 mm

OT 180

Motorized book cradle

Advantages of the product

- Book cradle for a careful handling of books
- The book is opened 180° and it is placed against the glass plate from below
- Easy turning of large book pages (limitation of the lowering for small books)
- Fine adjustment for pressure against glass plate

- Fast, comfortable operation with foot pedal, sufficient leg room
- Automatic lowering after exposure

Max. book size, opened: 1070 x 675 mm
(special version: 1070 x 700 mm)

Max. book weight: 20 kg

Max. book thickness: 240 mm

Working level: 800 mm

Electrical connection: 230V, 50/60 Hz,
150W, other voltages on request.

W x D x H: 1180 x 723 x 800 mm

OT 90

Book cradle for old, valuable books

Advantages of the product

- Book cradle for a careful handling of old, valuable books, which can be opened between 90° and 180°
- Easy handling deep into the book fold possible
- Careful handling and holding of the book on laterally movable slides for an individual handling of the book pages
- Absolutely careful handling of the books
- Fine adjustment for pressure against glass plate

- Fast, comfortable operation with foot pedal, sufficient legroom
- Automatic lowering after exposure

Max. book size, opened: 420 x 600 mm

Max. book weight: 20 kg

Max. book thickness: 200 mm

Working level: 800 mm

Electrical connection: 230V, 50/60 Hz,
150W, other voltages on request.

W x D x H: 1180 x 700 x 800 mm

AT 1

Top light table

Advantages of the product

- Camera table for opaque originals up to a format of 1070 x 675 mm (> DIN A 1)
- Welded table frame on rolls

Max. original format: 1070 x 675 mm

Working level: 800 mm

W x D x H: 1180 x 723 x 800 mm

The AT 1 is also available with glass plate.

AT 0

Top light table

Advantages of the product

- Camera table for handling opaque originals up to a format of 1350 x 960 mm (> DIN A0)
- Welded table frames on rolls

Max. original format: 1350 x 960 mm

Working level: 800 mm

W x D x H: 1350 x 960 x 800 mm

The AT 0 is also available with glass plate.

DT 0

Backlight table

Advantages of the product

- Camera table for handling opaque and transparent originals (e.g. technical drawings, geographic maps) up to a format of 1350 x 960 mm (> DIN A0)
- The uniform fluorescent lighting across the table area with continuously variable light intensity guarantees exposures with excellent contrast and very even density
- Convenient handling due to moveable,

clearly marked guide bar

- Comfortable operation when sitting and sufficient legroom
- Vacuum system to hold down rolled or folded documents on request

Max. original format: 1350 x 960 mm

Working level: 800 mm

W x D x H: 1600 x 1100 x 800 mm

The DT 0 is also available with glass plate.

Overview camera tables

The modular design of the ZEUTSCHEL microfilm cameras and scanners offers an optimal camera table for each use.

The table shows possible combinations:
