- Flexible 8-page document feeder
- Special design for card scanning
- Comes with TWAIN driver and is also bundled with full version of Button Manager V2

what we have bundled

Avison's Button Manager V2

-Completes your scan with a single step

The Button Manager V2 main screen

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations with a press one button. Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint, or FTP. In addition, the iScan feature allows you to insert the scanned image or recognized text after optional OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

Advanced TWAIN Driver

Avison's easy-to-use TWAIN driver provides various useful features such as auto color detection, color matching, to enhance your image quality and improve your productivity.

Color Matching

Use the default parameters (ICC profile) to get the accurate colors of your pictures.

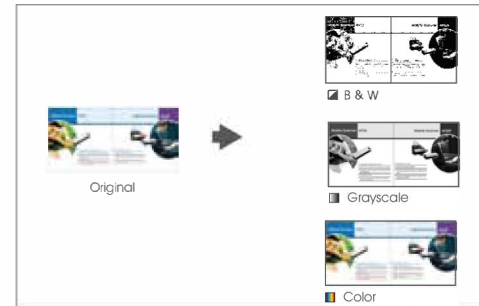

With color adjustment

Without color adjustment

Multi-stream

Scan one image and show 2~3 images in different image modes in one time.

Invert / Mirror

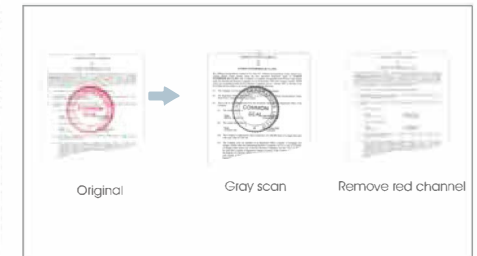

Invert: Reverse the brightness and the colors in the image.

Mirror: Reverse the right and left side of your image.

Color Drop Out

Not only R/G/B 3 channel color drop out, but any specific color can be selected as a color filter.

and more...
