Look and Feel

The Avison AV176U is designed for desktop use in any office where scanning plastic ID cards, business cards, documents or other heavy card stock is necessary. Despite its small size, the AV176U offers high-speed scanning at rates up to 30 ppm in simplex and 60 ipm in duplex mode.

The Avison AV176U boasts a unique and stylish design as both the input and output paper tray can be folded when not in use. The paper tray also helps to protect the unit from dust. Unlike bulky conventional scanners, the slim AV176U can be easily carried and fit on a desk without taking up a lot of space.

A convenient, programmable button feature allows users to pre-set nine customized functions for different scanning needs. For example, you can create file formats such as PDF, TIFF, JPEG, GIF, and BMP, scan to e-mail, or file documents by simply pressing a button.

Compact and Earth-Friendly Design

The AV176U is compact and earth-friendly in design since it uses the LED lamp as the light source. The LED lamps are lower power consumption and are designed to last for the life of the scanner.

Ultrasonic Multi-Feed Detection

With the built-in ultrasonic multi-feed detection capability, the scanner allows you to set overlapped paper by detecting paper thickness between document. When multi-feed is detected a warning message will be prompted.

What we have bundled

Avision AV176U Sheetfed Scanner

Avision's Button Manager V2

-Completes your scan in a single step

The Button Manager V2 main screen

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations with a press of one button. Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint, or FTP. In addition, the iScan feature allows you to insert the scanned image or recognized text after optional OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

AvScan 5.0

-The Intelligent Document Management Tool

The AvScan 5.0 main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labour costs and lowers the OCR accuracy. AvScan 5.0 ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.

AvScan 5.0 is an intelligent scanning and electronic filing solution. AVScan 5 possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

Nuance PaperPort SE 14

- The Professional Choice to Organize and Share Your Documents

The PaperPort SE 14 main screen

PaperPort SE 14 is Nuance's most popular scanning and document management solution, carefully designed specifically for home office use. Part traditional file cabinet, part digital-document desktop, PaperPort SE 14 is the fastest and easiest way to scan, share, search, and organize your documents. Additionally, PaperPort SE 14 now delivers anytime-anywhere access to your most important files however it's convenient for you – using a PC, Mac, iPhone, iPad, or Android device.
