# Simply excellent results

## A2+ scanning for everyone with the *chrome*

**At home anywhere: scanners by Zeutschel**

For decades, whenever it came to uncompromising quality, reliability and performance, the user-friendly overhead scanners by Zeutschel were always first choice. Our book scanners are available in libraries, archives, businesses and public authorities around the world. Why is that? Because we have been setting standards with our book scanners since 1996 and are never satisfied with the second-best digitization solution.

**Innovation begins with listening**

The *chrome* overhead scanner is the result of numerous discussions with our users and investment decision makers. What was wanted was a high-tech scanner, which delivers images of the highest quality and is really easy-to-use. The result is an accurate, flexible, book scanner, which is gentle on books and has scored extremely high marks with users and trade journalists since it was launched.

Books    Notebooks    Drawings    Manuscripts

File    Mail    FTP

Contracts    Court papers    Maps

USB    Print    www    Follow Me

## Product advantages

**Simply delivers class images:** *chrome*

Compact, fast, productive and simple: working
with the *chrome* A2 scanner is exactly as you'd
expect. Top scanning technology attractively
packaged and very easy to operate. The *chrome*
offers: maximum book protection (up to 100 mm
book thickness), very good image quality (300 to
600 dpi) and a sufficiently high level of productivity
thanks to the manual comfort book cradle for
careful handling of books. Mirroring and reflections
are avoided, the illumination is very homogeneous
and the image quality consistently high.

It can be moved very easily thanks to its com-
pact design and is ideal for flexible use in the
open stacks section. The user-friendly software
and the large touch panel make the *chrome*
scanner something nobody would want to miss.

- compact
- mobile
- Plug'n'Scan
- high productivity
- simple operation
- highest image quality (300 to 600 dpi)
- zeta software with large touch panel
- preview function for reliable results
- auto focus
