

Working tables

Functional and ergonomic for
book scanners and book copiers.

We Digitize Your World

Z
ZEUSCHEL

The optimized tables for your Zeutschel scanner

Zeutschel scanners and microfilm cameras are high-tech equipment for the digitization of bound and large-format originals. We recommend the use of original Zeutschel tables to ensure a more ergonomic and safer working environment for our scanners. These tables are easy to assemble, provide sufficient workspace and the height can be adjusted to suit individual requirements, in some instances, electrically.

Tables	Scanners/copiers
